Professional Experience

Frontend Developer

Focused on building responsive and user-friendly web interfaces using HTML, CSS, and JavaScript. Skilled in creating visually appealing layouts, improving user experience (UI/UX), and ensuring cross-browser compatibility. Eager to enhance frontend performance and contribute to modern web applications.

Web Developer

Versatile developer with foundational knowledge of both frontend and backend technologies. Experienced in developing functional and responsive web applications, integrating basic backend logic, and working with modern tools like Git and VS Code. Committed to learning and contributing to end-to-end web development projects.

ME(A)RN Stack Developer

Aspiring full stack developer with hands-on experience in the ME(A)RN stack (MongoDB, Express.js, React(Angular), Node.js). Capable of building scalable web applications, managing databases, and developing RESTful APIs. Passionate about creating complete web solutions from frontend UI to backend logic.

Education

Parul University at Vadodara

Bachelor of Engineering (Information Technology) 2023 - 2027

Year: 3rd | Semester: 6th | CGPA: 7.15

Pursuing Bachelor of Engineering in Information Technology with a strong focus on web development, programming, and software fundamentals. Gaining practical knowledge through projects and internship experience while maintaining consistent academic performance.

Projects
